Is this request being made on behalf of a synod committee, team, or task force? Yes

Name of Committee, Team, or Task Force: Personnel

Requested Funding Amount \$200

Rationale for your Request The Personnel Committee meets face-to-face twice/year. It is of importance that we do this to maintain contact to the synod staff; for them to know us and us to know them. Expenses should cover transportation to/from the meeting, boarding (if required) and the cost of meals which includes a single lunch with staff. Typically, those from the committee are either from the Atlanta area or find other ways to finance their costs of attending the meeting. However, we do break bread with the Synod staff that is present the day of our meeting and those costs get expensed. Furthermore, we should maintain a "cushion" for travel expenses so those that cannot afford the costs will not be excluded from the committee. For the purposes of this budget and the restriction of available funds, the amount requested is the same as for 2019-20.
