

DAY1 SYNOD COUNCIL REPORT: ELCA SOUTHEASTERN SYNOD

January 2019

DAY1 RADIO & WEBSITE

The Day1 radio program is currently distributed to over 200 radio outlets in the U.S., Canada, New Zealand, the Caribbean, Liberia, and Nigeria. We also offer the program as an audio podcast online at Day1.org and through iTunes and many other podcast apps. We plan to continue production of brief video meditations, which are featured on the Day1 website and YouTube. We continue the major upgrade of our website to enable us to include audio and text archives of The Protestant Hour radio program (1945-95), on which numerous notable Lutheran pastors preached.
