

Mission Outreach and Renewal Committee

Recommended Action Synod Council Consideration

Approve a \$2250 Great Commission Fund Grant for St. James Lutheran in Brunswick, GA

St. James in Brunswick is requesting grant money to add to money they have raised in the congregation to match it to provide the necessary technological additions to provide virtual worship to the community and enrich the worship for any who participate. This will also help provide a connection to shut-ins in the congregation as well as first time visitors to the congregation who can see how warm and welcoming the St. James community is in a non-threatening setting like virtual worship. This grant would help them adapt their current worship video to live streaming capability with the necessary cameras, monitors, cables and software to provide seamless (or as close as possible) coverage of worship as possible.

Mission Outreach and Renewal Committee recommends approval

We recommend granting this \$2250 request to St. James, Brunswick GA
