

Vitality Committee

(Previously Known as Mission Outreach and Renewal)

Recommend Action Synod Council Consideration:

Approve a Great Commission Matching Grant in the amount of \$5000 to The Table in Nashville.

Rationale for Recommended Actions:

The Table serves most of its community through social media platforms. While the Table is counting on continued, exponential growth focused on outreach via livestream and pre-recorded services, they are also continuing in person worship for those who are not triggered by this opportunity to gather in community. The Table is asking for this grant to purchase equipment and instruments that are capable of reaching the target population and provide worship, pastoral care and Bible Study, small group gatherings both in person and online.

The Vitality Committee recommends Approval.

We recommend granting this request for \$5000
