

Vitality Committee

(Previously Known as Mission Outreach and Renewal)

Recommend Action Synod Council Consideration:

Approve Linn Fund Grant in the amount of \$5000 for Peace Lutheran Church in Memphis, TN

Rationale for Recommended Actions:

Peace requests this grant to help with technology issues in the sharing of worship and the communication through Social Media to folks who do not wish to or cannot worship in-person with them – Outreach is even more important in an atmosphere of pandemic fear and isolation. Because of the size of the congregation and the need for someone who is skilled in website development, Peace is looking outside for someone to get them on-line and able to reach a more diverse population.

The Vitality Committee recommends Approval.

We recommend granting this request for \$5000
